

# Mayor for a Day Activity

city of  
**Woodstock**

Think of all the things you would get to do if you were mayor for a day! To have a seat on council, you would need to register your name at city hall, run a campaign, and your name would be added to the ballot on **election day!** That's all before getting elected and learning about the Municipal Code to help make decisions for your community. Check out a recorded council meeting online and see what topics are discussed by clicking on the city logo above. Learn about **who's on council by clicking on the mayor's image below.**

Activity: Make a campaign poster as if you were running for mayor! Will you have a catchy slogan? Be sure to include your name and position on the poster. What would you do to make Woodstock even better?
