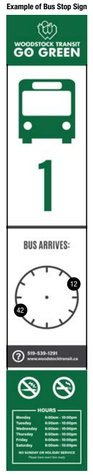
Transfer Information

On-Street Transfers & Connections

Woodstock Transit now has nine transfer zones located throughout the updated transit system that will allow customers to transfer from one route to another. They are conveniently designed to give customers enough time to complete small errands before boarding their next connecting bus in order to get to their final destination or in some cases a very short wait time.

You may transfer from one route to another at any designated bus stop marked **'Transfer Point'** within any of the nine transfer zones. Additionally, you can still choose to transfer to all bus routes at the Transit Terminal.
Please request a transfer from the driver when boarding the bus. Transfers will be valid for the next hour, then they will expire.

Example of Bus Stop Sign



Bus Stop Signs

You will notice a clock on every sign with two time stickers. The numbers represent the actual time in minutes past the hour that the bus is scheduled to service that location. To reduce wait times and uncertainty for customers, every stop is marked to the minute representing actual departure times. Of course delays are always possible.

There are also bus stop signs at some street locations indicating that two different routes use the same bus stop.

Please note that bus routes are no longer interlined with one another. Example: The bus that is travelling on Route 2 Dundas East will remain on Route 2 for all scheduled trips each day and does not become the Route 4 every other trip and vice-versa.
