Rush Hour Service

Recently, increased traffic volumes have impacted our ability to deliver on our commitment to be on-time. Changing the schedule to a 40-minute cycle during peak travel times will help avoid delays caused by traffic, ensuring our buses remain on time.

From Monday to Friday between 3 and 5 p.m., buses will run on a 40-minute cycle. That means buses will leave the transit terminal at 3 p.m., 3:40 p.m., 4:20 p.m. and 5 p.m. before returning to a 30-minute cycle - departing the terminal at the top and bottom of each hour.

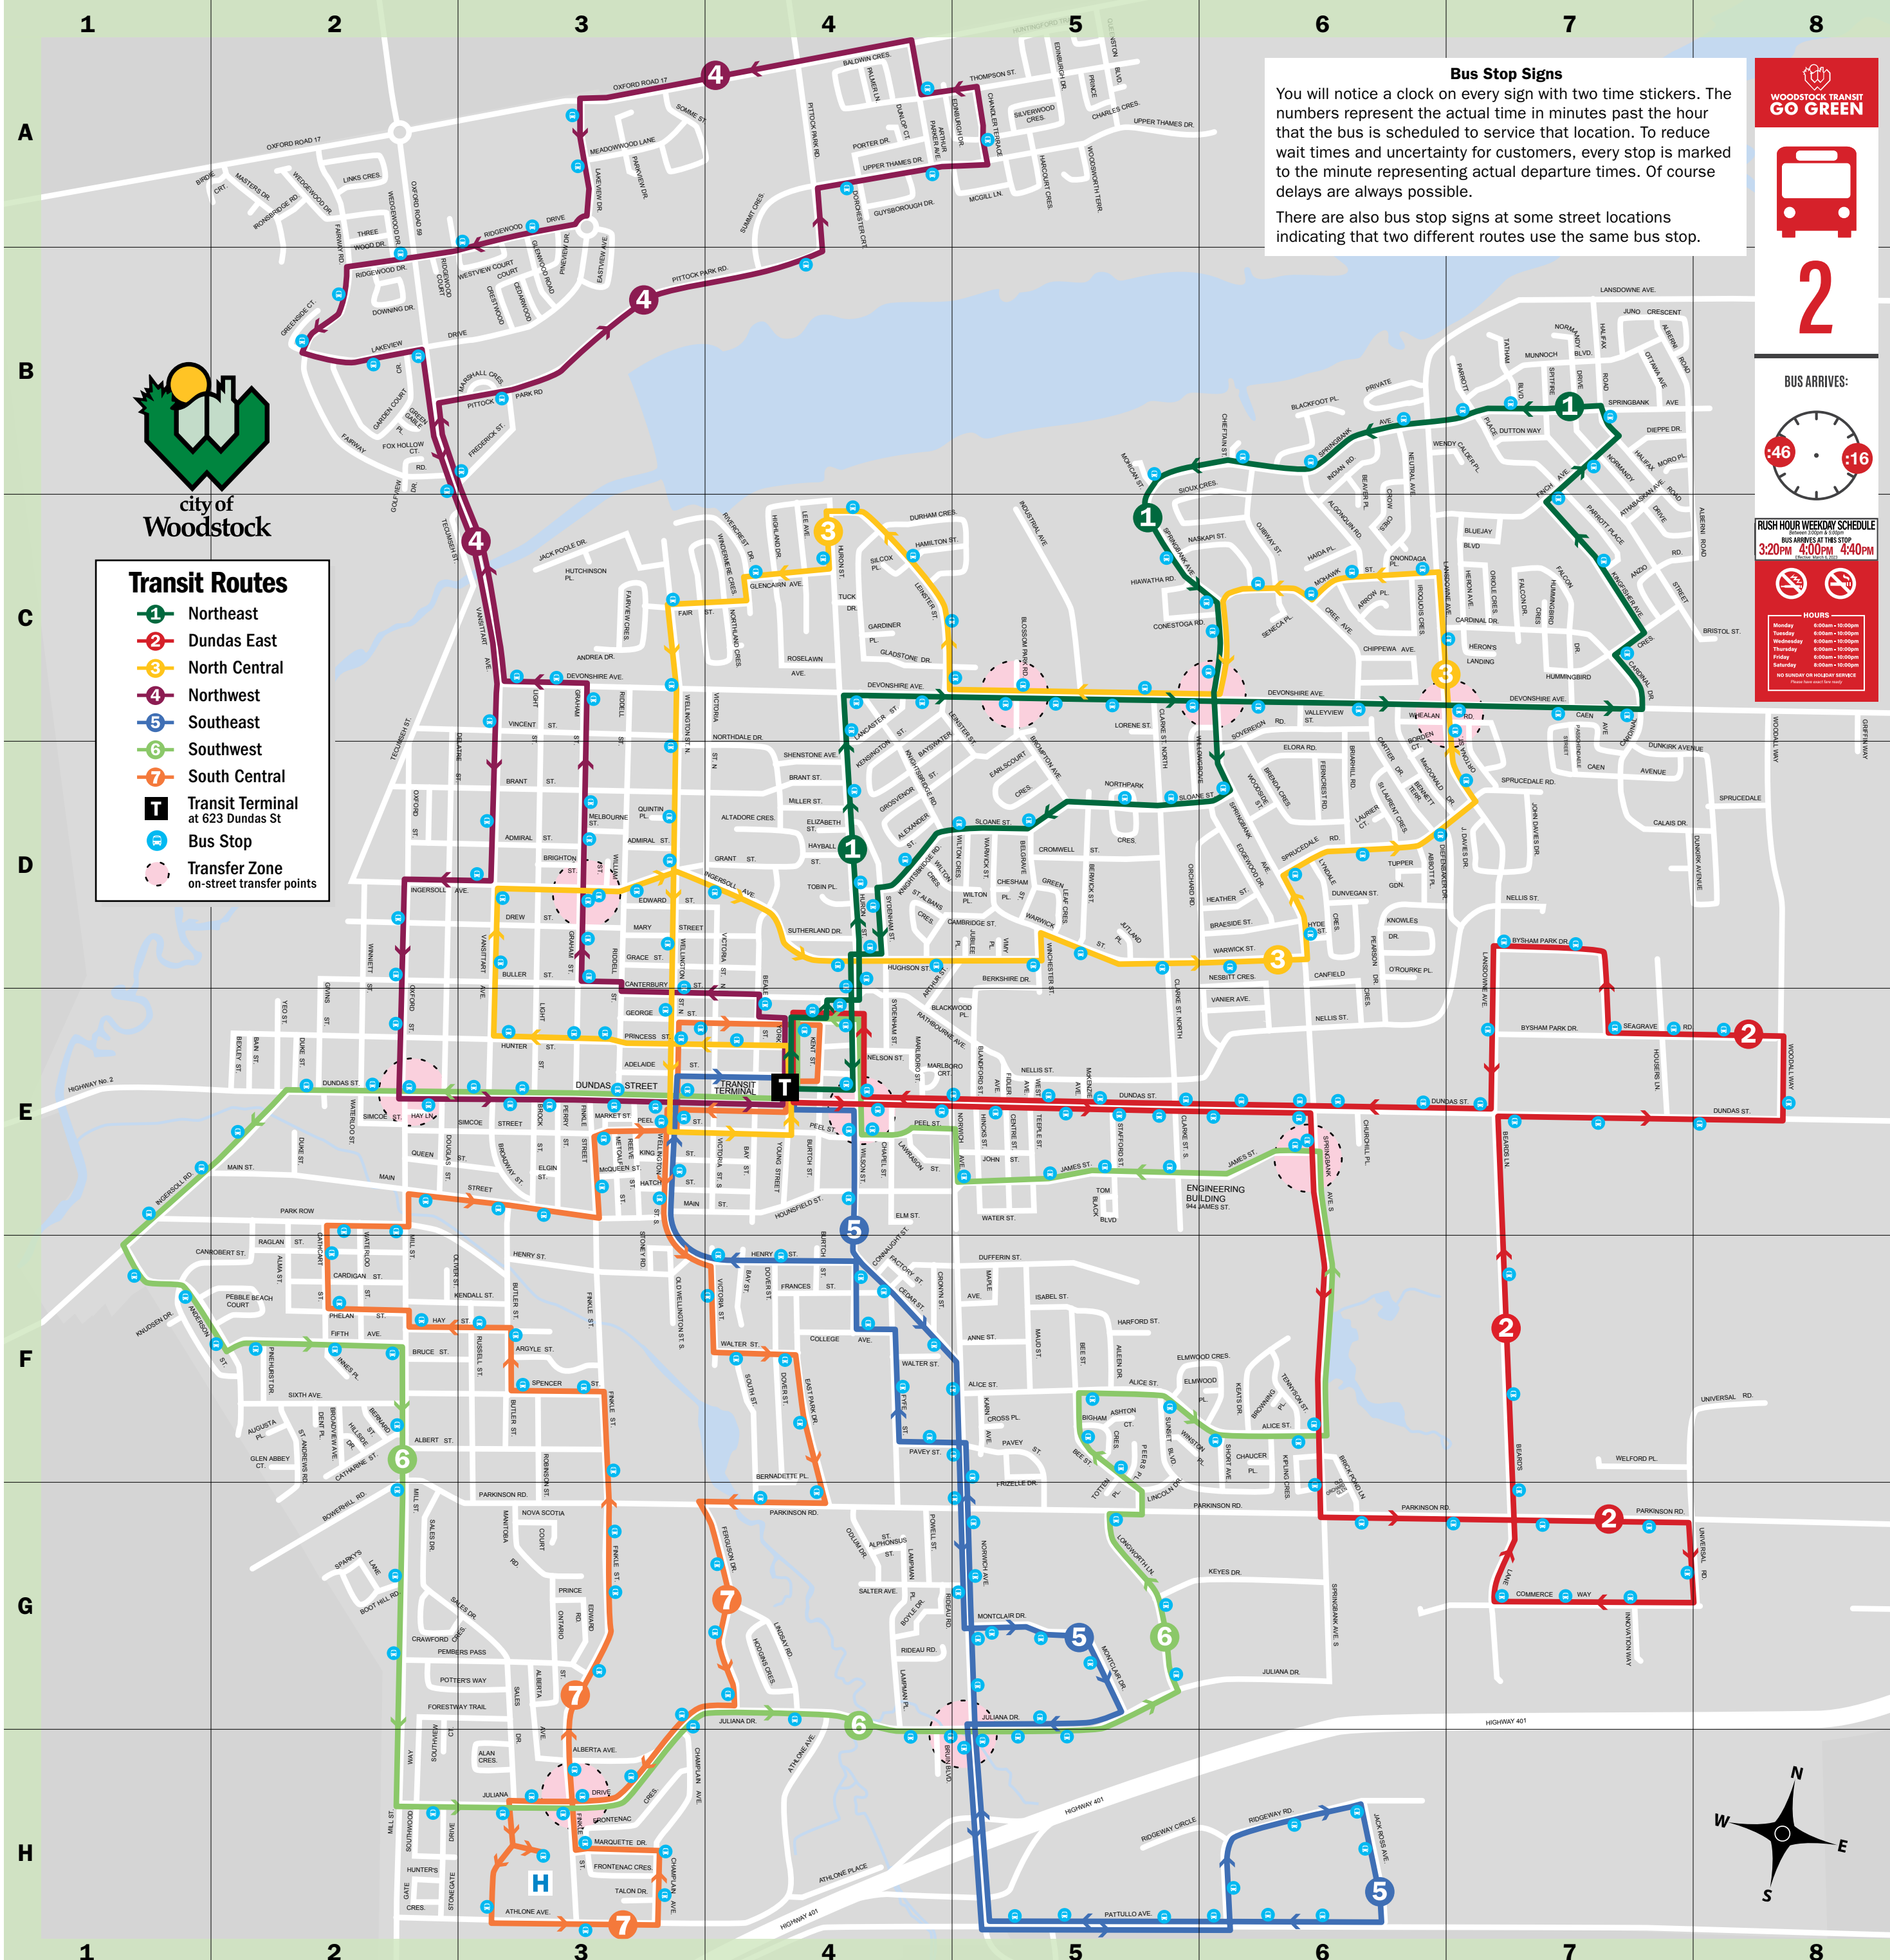

Updated schedules will be posted at each bus stop so riders can check the stops they use to see what time the bus will arrive at their stop.

Saturday service remains unchanged, running on a 30-minute cycle from 8 a.m. to 10 p.m.

We appreciate your understanding with these changes as we know this extended route cycle may mean longer travel times for some riders.

Bus Stop Signs
You will notice a clock on every sign with two time stickers. The numbers represent the actual time in minutes past the hour that the bus is scheduled to service that location. To reduce wait times and uncertainty for customers, every stop is marked to the minute representing actual departure times. Of course delays are always possible.
There are also bus stop signs at some street locations indicating that two different routes use the same bus stop.
