Revised June 16, 2022, 2022

To: All Demolition Contractors

Re: **Capping of Sewers, Restoration of Site and Security Requirements**

Pursuant to the Building Bylaw amendments approved by Council, the following policy shall apply to all demolition permits issued:

1. Clearances such as utilities and those of the zoning section shall remain the same. ***The applicant must obtain these approvals first.***
2. The applicant for a demolition permit must provide a security of \$1,000.00 payable by cash, certified cheque, letter of credit or a bond.
3. The purpose of the security is to ensure that, the demolition contractor or designated site personnel:
 - i. Disconnect and cap sewers at street line
 - ii. Foundations will be removed two feet below grade level
 - iii. Properly backfill the site & grade to the satisfaction of the Chief Building Official.

N.B.: The contractor is responsible for calling the Building Department at 519-539-2382, Ext. 3198 and arranging to have the work inspected at stages 3(i), 3(ii) and 3(iii), noted above.

4. Proof of \$2,000,000 liability insurance and expiry date shall be provided.
5. When all items in #3 have been completed and inspected by the Building Department, the security will be released to the person who submitted same.

We look forward to your co-operation in this matter.

from the desk of

Harold de Haan, P.Eng.

City Engineer
