

Northeast Industrial Park Planning and Servicing Study NOTICE OF PUBLIC INFORMATION CENTRE 2

The Study

The City of Woodstock (the City) has initiated a Draft Plan of Subdivision and accompanying Servicing Study to plan for future growth for the Northeast Industrial Park (the Site), a 142ha hectare parcel of land located just beyond the east limit of the City's current municipal boundary (see map). The site is located within the approved East Woodstock Secondary Plan.

The intent of the Study is to identify a preferred solution and a conceptual level design for Municipal Servicing (roads, water, wastewater, and stormwater management) in support of the Draft Plan of Subdivision.

Public Information Centre #2

A second and final Public Information Centre (PIC) will be held for this project to present the recommended land use concept and the recommended approach to municipal infrastructure including Wastewater servicing, Water servicing, Stormwater management and drainage and Transportation. This PIC will be a recorded video presentation.

Northeast Industrial Park Planning and Servicing Study
NOTICE OF PUBLIC INFORMATION CENTRE 2

You are invited to view the PIC#2 presentation which will be posted online at:

Date: July 6, 2021

Location: City of Woodstock website
