Beards Lane Widening - Parkinson Road to Dundas Street Municipal Class Environmental Assessment Schedule B Public Information Centre 2 Comment Sheet

The City of Woodstock has initiated a Class Environmental Assessment (Class EA) Study 'Schedule 'B' for the Widening of Beards Lane from Parkinson Road to Dundas Street . The purpose of this Public Information Centre is to present the preferred option and to allow stakeholders to provide comments.

Please take a few minutes to complete this Comment Sheet. Your input is important.

Through the Class EA Study process, widening Beards Lane to three lanes, with a joint turning lane in the centre, was the preferred option. The addition of this lane provides a refuge for vehicles turning left while still maintaining the flow of traffic. This option minimizes impacts to the natural environment by limiting regrading of the existing ditch and eliminates the need for construction work at the CN rail line, with the road reducing down to two lanes at the tracks.

1. Please provide any comments or feedback on the preferred solution and/or the project in general.

2. Please complete the following information for our records.

Name: _____
Address: _____
Email: _____
Phone #: _____

Comment sheet can be filled out and submitted at the Public Information Centre 2 or dropped off at the City Engineers' office by **4:30pm on Wednesday, September 16, 2015.**

Under *The Municipal Freedom of Information and Protection of Privacy Act* and *The Ontario Environmental Assessment Act*, unless otherwise stated in the submission, with the exception of personal information, all comments will become part of the public record.
