### Beards Lane Widening - Parkinson Road to Dundas Street Municipal Class Environmental Assessment Schedule B

The City of Woodstock has completed a Class Environmental Assessment (Class EA) Study 'Schedule 'B' for the Widening of Beards Lane from Parkinson Road to Dundas Street (refer to Study Area below).

Beards Lane is presently a two-lane road in an industrial area with significant truck traffic and movements.

The study recommends Beards Lane be widened to a three-lane cross section throughout the majority of the study area and that it be improved to a semi-urban cross section with curbs and gutters, while maintaining a ditch on the west side of the road.

The second Public Information Centre (PIC#2) is scheduled for Wednesday, September 2, 2015. The project team will provide an overview of the recommended option and give stakeholders an opportunity for questions and comments following the presentation.
