

# NOTICE OF COMMENCEMENT

## CITY OF WOODSTOCK TRANSIT STUDY

---

---

Over the next several months, Woodstock Transit will be conducting a review of its bus system to improve how it serves its customers. The review will focus on the system's route structure as well as methods to improve the delivery of public transit services.

To help us with this review, we invite you to complete a survey about your travel preferences and opinions about transit. The survey will be available on all Woodstock Transit buses as well as on our city website: [www.cityofwoodstock.ca](http://www.cityofwoodstock.ca)

Additional information may be directed to:
